

ARE YOU STILL RECEIVING SUPPLIER QUOTATIONS BY FAX AND EMAIL? THERE'S A BETTER WAY.

QSTRAT Sourcing® streamlines manual functions such as tracking revisions, making changes to existing quotes and comparing information, saving you time and money.

With today's global marketplace, leveraging low-cost suppliers in countries around the world has made the business of sourcing products and services increasingly more complex and challenging.

Accessing and communicating with vendors globally also means a lot of work for procurement professionals. The smallest inconsistency can result in dramatic repercussions to your fiscal results.

QSTRAT Sourcing puts 100% of your supply chain to work for you. The quote information gathered from your suppliers is channeled directly into the QSTRAT Sourcing QuoteCube™ for fast, easy comparison. There's no manual information gathering and detailed analysis can proceed with complete data integrity.

QSTRAT Sourcing lets procurement professionals spend their time negotiating better contracts, not chasing information!

FEATURES

- Create RFQs with ease and issue to suppliers at the click of a button
- Create re-usable templates for any items you purchase
- Automatically track all communications with suppliers in one location
- Manage customer information and relationships
- Qualify suppliers and track performance

DRAMATICALLY IMPROVE YOUR SOURCING PROCESSES AT A COST YOU CAN AFFORD

QSTRAT Sourcing is an extremely affordable way to streamline supplier communications. QSTRAT Sourcing is a web based software application designed specifically to simplify and automate your sourcing process.

Adobe's PDF forms are used to collect quote information, ensuring the secure transfer of sensitive pricing information.

Automate the RFQ process and see dramatic increases in efficiencies. Significantly reduce errors, simplify documentation and focus on optimizing the purchasing power of your company.

Get up and running fast! We will create or configure existing templates to your exact specifications and have you up and running in just 5 days.

Leverage RSS technology with QSTRAT Quote-Cast™ to make real time updates a reality. Want to know the status of a particular RFQ, supplier response or pricing change? Quote-Cast will automatically send updates to your mobile device or laptop the second the event happens
